STAR ATLAS

# Inauguration

## Wave 1

Star Atlas is having its first metaversal ship and asset NFT sale. Limited supply offerings of all the inaugural assets that comprise the galactic spacescape will be made available to the public. There is something special for all players and enthusiasts to discover.

### DATES

Begins September 7th, 2021  
3 month campaign or until sold out

### ASSET INFO

Ship and assets sales of all sizes  
Fixed and auction pricing  
\$1 to \$10,000,000+

# STAR ATLAS

## Small Ships

\$15 - \$1,200

The most economical starter ships and some of the first reasonable upgrades, small classed ships make for fun solo or duo space trekking. These effective star-ready vehicles come with low overhead and will get you where you need to go with style.

STAR ATLAS

# Commander Ships

\$80,000 - \$100,000

Your fleet needs a commander and this class of ship predominantly reigns supreme. The fitting head for any faction or organization and the size of a small space station, commander class ships can secure any region of the more terrifying corners of space.
